

CONNECTORS

High Voltage up to 100 kV

HV plugs and sockets in various voltage classes from 10 kV to 100 kV

Plug-and-socket connections for high and very high voltages. Voltage classes: 10 kV, 30 kV, 60 kV and 100 kV. Established in our HV power supply units and matching Heinzinger HV cables of the relevant voltage classes.

Up to 10 kV

Plug (male) HVS10

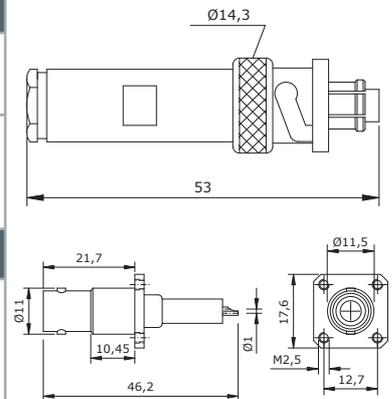

high voltage plug up to 10 kV DC
00.220.858.9

Plug (male) HVS10 ready-made with 3 meter HV cable HVC10 (as included in the extent of delivery of HV power supplies up to 10 kV)
00.220.858.901

Plug (female) HVB10

high voltage panel jack up to 10 kV
00.220.854.9

HV Connectors

Up to 35 kV

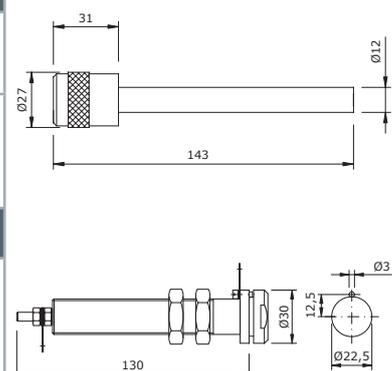

Plug (male) HVS35

high voltage plug up to 35 kV DC
00.220.859.9

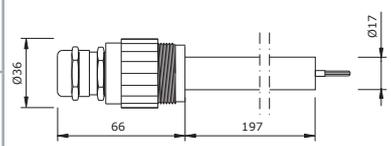

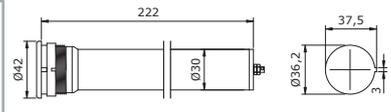

Plug (male) HVS35 ready-made with 3 meter HV cable HVC30 (as included in the extent of delivery of HV power supplies up to 30 kV)
00.220.859.901

Plug (female) HVB35

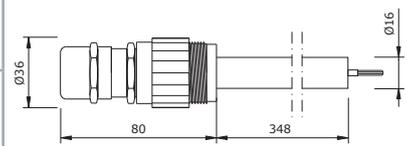

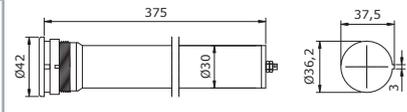

high voltage panel jack up to 35 kV
00.220.855.9

Up to 65 kV

| | |
|--|---|
| Plug (male) HVS65 |  |
| high voltage plug up to 65 kV DC 00.220.860.9 | |
| Plug (male) HVS65 ready-made with 3 meter HV cable HVC65 (as included in the extent of delivery of HV power supplies up to 60 kV) 00.220.860.901 |  |
| Plug (female) HVB65 | |
| high voltage panel jack up to 65 kV 00.220.856.9 | |

Up to 100 kV

|---|---|
| Plug (male) HVS100 |  |
| high voltage plug up to 100 kV DC 00.220.861.9 | |
| Plug (male) HVS100 ready-made with 3 meter HV cable HVC100 (as included in the extent of delivery of HV power supplies up to 100 kV) 00.220.861.901 |  |
| Plug (female) HVB100 | |
| high voltage panel jack up to 100 kV 00.220.857.9 | |

Plugs (male & female) rated for higher voltages are available on request.
 If required, we supply preassembled plugs and cables in every needed length.

When re-ordering male or female plugs for older Heinzinger power supplies, please always specify type and serial number of the power supply.
